

PRESS RELEASE

Woke Pharmaceuticals Launches New Website

01 February 2022 – Woke Pharmaceuticals Pty Ltd ('Woke' or 'the Company'), a Sydney NSW-based company focused on psychedelics for mental health, today announced that it has launched its new corporate website, with a revamped design and new functionality.

www.wokeph.com

Woke's new website is designed for all its stakeholders: patients, investors, partners, and collaborators.

The new Portfolio section provides information about the Company's R&D activities including the planned clinical studies for patients suffering from depression and an opportunity for patients to enquire about enrolment. There is also a link to the Company's soon-to-be launched range of natural health products, based on ethically sourced mushroom extracts that benefit mental health, immunity, and energy balance.

The new Investor section is designed to provide shareholders and the financial community with news, presentations and media that are relevant to the Company's progression and financial status.

ENDS

This announcement was authorised for release by the Directors of Woke Pharmaceuticals.

ABOUT WOKE PHARMACEUTICALS

Woke Pharmaceuticals Pty Ltd is an Australian-based company focused on the development and commercialisation of novel psychedelic therapies for the treatment of mental health disorders. The Company's lead candidates are based on synthetic psilocybin for the treatment of depression. Psilocybin is a naturally occurring psychedelic prodrug compound produced by more than 200 species of fungi. Clinical trials have shown its safety and efficacy in the treatment of depression and other disorders. Woke Pharmaceuticals is developing a novel micro-dose formulation for treatment of moderate depression and a novel high-dose formulation with concomitant psychotherapy for treatment of major depression. Both candidates are expected to enter Phase II trials in 2022 with leading investigators in the field of mental health. For further information, please visit www.wokeph.com.
